CURRICULUM

Session: October – February | Focus: 3HV Integration (Head, Heart, and Hand) | Classes: V to VIII

1. Master Roadmap (At a Glance)

Month	Theme & Code Name	Core Focus Areas	Flagship Experiential Activity	Measurable Outcome
OCTOBER	PROJECT DARPAN (Poise & Presence)	Body alignment, walking gait, clean uniform, nail/hair hygiene, open body language	The Royal Walk & Red Carpet Drill (Head-balance & entrance etiquette)	100% elimination of slouching; dignified body carriage in school assemblies.
NOVEMBER	PROJECT ANNAPURNA (Fuel, Fitness & Form)	Obesity mitigation, stopping packaged/junk food, water hydration, daily morning stamina	The Forensic Tiffin Audit & Rainbow Jar (Decoding ingredients & whole-food tracking)	Measurable drop in processed snacks; higher afternoon energy levels.
DECEMBER	PROJECT VANI (Elocution & Empathy)	Stage fear removal, filler word detox, voice modulation, active listening, respectful dissent	The 60-Second Golden Mic Podcast (Confident speech speech with zero filler words)	Confident spoken English/Hindi; polite, pleasant conversational tone across campus.
JANUARY	PROJECT SADACHAR (Grace & Boundaries)	Social courtesies, elder respect, table & cutlery manners, digital detox, strict public Don'ts	The Grand Dining Banquet Simulation (Hands-on formal cutlery & dining lab)	Civil eating habits, zero food wastage, courteous conduct with peers and staff.
FEBRUARY	PROJECT TEJASVI (Inner Radiance)	Jyoti meditation, stress & anger management, peer-pressure control, capstone showcase	The Sai Ambassador Conclave (Live stage showcase with parents & panel)	Demonstrable, verified student transformation before school leadership.

2. Detailed Monthly Action Plans & Unique Activities

MONTH 1: OCTOBER: PROJECT DARPAN — Poise, Posture & Grooming

Theme Motto: "Carry Yourself with Grace and Dignity."

Core Skill Modules:

- **The Alignment Principle:** Correcting tech-neck, rounded shoulders, and slouching. Training neutral spine alignment during assemblies and desk work.
- **Sartorial & Hygiene Discipline:** Crisp, ironed uniforms, clean collars, polished shoes, clean short nails, tidy hair, and pleasant oral hygiene.
- **Open Body Language:** Eliminating hand-in-pocket stances, folding arms defensively, or shuffling feet while talking.

Practical Real-Life Examples / Case Studies:

- **Real Example 1 (The First 7 Seconds):** A visitor or guest forms 80% of their impression of a student's confidence before a word is spoken based purely on posture and stride.
- **Real Example 2 (The Smartphone Slouch):** Bending the neck 45 degrees puts ~22 kg of extra strain on the spine, causing lethargy and a dull presence.

Signature Activity: 'The Royal Walk & Red Carpet Drill'

- Setup: A straight colored tape line is laid across the classroom floor.
- Execution: Students balance a light hardback notebook on their heads. They walk the line with chin parallel to the floor and shoulders back.
- The Protocol: Halfway across, they pause for 2 seconds, maintain eye contact, smile, and say: 'Sai Ram, Ma'am.'
- Outcome: Builds instinctive muscle memory for an upright, dignified, and confident posture.
- Award: Students with 5 clean walks earn the 'Golden Carriage Badge'.

Visual Reference: Posture Chart Layout (will be made by students with images if available)

- ✗ SLOUCHED (Avoid): Head tilted down, rounded shoulders, dragged soles, hands tucked in pockets.
- ✓ ROYAL STATURE (Target): Neutral spine, chin parallel, relaxed arms, heel-to-toe confident stride.

MONTH 2: NOVEMBER: PROJECT ANNAPURNA — Nutrition, Weight Management & Stamina

Theme Motto: "Fuel the Body to Enlighten the Mind."

Core Skill Modules:

- **Overweight & Obesity Mitigation:** Educating students on caloric density, separating genuine physical hunger from boredom/emotional snacking.
- **Ultra-Processed Food De-Addiction:** Eliminating packet chips, sodas, instant noodles, and biscuits laden with palm oil and excess sodium.
- **Daily Stamina Routine:** Introducing 10 minutes of morning Surya Namaskar, brisk walking, and hydration tracking (2.5 liters/day).

Practical Real-Life Examples / Case Studies:

- **Real Example 1 (The Soda Sugar Stack):** Demonstrating that a single 300ml bottle of soft drink contains 10 teaspoons of sugar, causing instant energy crashes.
- **Real Example 2 (The Tiffin Slump):** Eating refined-flour snacks at 10 AM causes a heavy insulin spike, leading to sleepiness and loss of focus by 1 PM.

Signature Activity: 'The Forensic Tiffin Audit & Rainbow Jar Challenge'

- Setup: Real snack wrappers compared side-by-side with fresh fruits, sprouts, nuts, and home rotis.
- Tiffin Audit: Students read ingredient labels to detect hidden sugars (maltodextrin, high-fructose syrup) and palm oil.
- The Rainbow Jar: Students receive a 5-color tracker. Every day their food contains natural colors (Green salad, Red apple, Yellow dal, White curd, Brown millets), they receive a star.
- 100-Step Protocol: A 5-minute leisurely courtyard walk after lunch rather than immediately slumping over desks.
- Award: Classes achieving 85%+ clean food everyday win the 'Annapurna Health Shield'.

Visual Reference: The Healthy Plate Blueprint

- 🥗 50% Fiber & Greens (Seasonal vegetables, raw salads)
- 🥥 25% Plant Protein (Sprouts, lentils, paneer, nuts, roasted chana)
- 🌾 25% Complex Grains (Millets, brown rice, whole wheat roti) | 0% Carbonated Soda

MONTH 3: DECEMBER: PROJECT VANI — Spoken Articulation & Voice Modulation

Theme Motto: "Speak Softly, Speak Sweetly, Speak Truthfully."

Core Skill Modules:

- **The 3V Delivery Formula:** Verbal (word choice), Vocal (tone, volume, pitch), Visual (facial warmth and eye contact).
- **Filler Word Detox:** Eliminating repeated filler words like 'actually', 'like', 'you know', 'matlab' and stammered pauses.
- **Active & Respectful Listening:** Pausing for 2 seconds before answering, never interrupting others, and disagreeing with polite language.

Practical Real-Life Examples / Case Studies:

- **Real Example 1 (The Mumbled Answer):** A student who knows the correct answer in class receives low marks because they mumble into their chest without projection.
- **Real Example 2 (The 2-Second Power Pause):** Great speakers pause before speaking; it projects authority and gives the mind time to formulate elegant sentences.

Signature Activity: 'The 60-Second Golden Mic Podcast'

- Setup: A mock broadcast table with a mock microphone and digital countdown timer.
- Execution: Students draw a surprise value prompt ('Why honesty takes courage', 'A lesson from my mother', 'Handling anger').
- The Buzzer Rule: 60 seconds of extempore speaking. If the student uses a filler word ('um', 'matlab', 'like'), a soft bell rings.

- Objective: Complete 1 minute of articulate, calm speaking with zero filler words and proper eye contact.
- Award: Zero-filler speeches receive the 'Golden Mic Orator Badge'.

Visual Reference: Vocal Projection Blueprint

Inhale Diaphragm Base → Pause & Frame Idea → Deliver at 60-70 dB with Warm Eye Contact

Golden Rule: 'Think before you speak; pause before you reply.'

MONTH 4: JANUARY: PROJECT SADACHAR — Social Etiquette, Dining & Digital Boundaries

Theme Motto: "Manners Make the Student."

Core Skill Modules:

- **Everyday Social Courtesies:** Greeting teachers and support staff, holding open doors, saying 'Excuse me' before passing, standing when elders enter.
- **Public Boundary Control (Strict Don'ts):** No nose/ear picking, no chewing with open mouth, no sleeve wiping, no desk tapping, no gossiping.
- **Dining & Cutlery Decorum:** Spreading napkin on lap, holding cutlery quietly without plate clatter, zero food wastage on the plate.

Practical Real-Life Examples / Case Studies:

- **Real Example 1 (The Support Staff Test):** True personality is revealed by how a student treats the bus driver, peon, or canteen helper with respect.
- **Real Example 2 (The Screen-Distracted Meal):** Mindlessly eating while scrolling on phones impairs digestion, leads to overeating, and ruins table conversation.

Signature Activity: 'The Grand Dining Banquet Simulation'

- Setup: Class desks converted into a formal dining banquet table complete with cutlery, napkins, and water glasses.
- Seating Protocol: Pulling chairs out quietly, placing napkins across laps, keeping elbows off the table.
- Passing Etiquette: Requesting items courteously: 'Could you please pass the water jug?' rather than leaning across someone's plate.
- Silent Chewing: Chewing with closed lips and resting forks/spoons quietly between bites without clanging.
- Award: Students completing the meal with zero procedural infractions earn the 'Etiquette Master Pin'.

Visual Reference: Dining & Etiquette Guidelines

 Cutlery: Fork on the left, knife/spoon on the right | Napkin on lap | Elbows off table

 Public Don'ts: No speaking with full mouth, no slouching over plates, no phone usage at table.

MONTH 5: FEBRUARY: PROJECT TEJASVI — Inner Radiance, Resilience & Capstone Showcase

Theme Motto: "Transform Yourself to Transform the World."

Core Skill Modules:

- **Emotional Equilibrium & Meditation:** 5-minute daily Jyoti (Light) Meditation to dissolve exam stress, irritation, and anger flare-ups.
- **Peer Pressure & Bullying Resilience:** Learning calm assertiveness—standing tall and responding with composure rather than reacting in rage or tears.
- **Unified Personality Integration:** Synthesizing posture, speech, nutrition, etiquette, and values into everyday character.

Practical Real-Life Examples / Case Studies:

- **Real Example 1 (The Provocation Test):** When someone insults or teases, reacting with calm silence or firm assertiveness demonstrates real strength, while shouting shows weakness.
- **Real Example 2 (The Exam Hall Calm):** Taking 3 deep diaphragmatic breaths before opening a question paper clears mental fog and restores recall instantly.

Signature Activity: 'The Sai Ambassador Conclave (Grand Showcase)'

- Setup: A school auditorium capstone event before Principal Ma'am, teachers, and parent representatives.
- Phase 1 (Poise Walk): Students walk onto the stage demonstrating posture, neat grooming, and calm composure.
- Phase 2 (Vision Pitch): A 2-minute speech on 'My 5-Month Transformation & What I Stand For'.
- Phase 3 (Principal's Situation Card): An extempore response to a real-life challenge (e.g., 'A peer pushes you in the corridor. How do you respond?').
- Award: Top-performing students are awarded the prestigious 'Sathya Sai Ideal Student Trophy'.

Visual Reference: The 5-Star Sathya Sai Leader

HEAD (Intellect & Eloquent Speech) → HEART (Purity, Empathy & Values) → HANDS (Disciplined Action)

Output: A balanced student who carries themselves with quiet dignity and moral courage.

3. Student Weekly Progress Tracking Rubric

Print this evaluation sheet for every student's personality development file. It can be assessed every Friday during value education/homeroom periods.

Evaluation Criteria (Scored 1 to 5 per week)	W1	W2	W3	W4	Monthly Total (/20)
1. Carriage & Posture: Upright spine, chin level, zero slouching, confident walk					_____/20
2. Uniform & Grooming: Crisp uniform, polished shoes, clean short nails, neat hair					_____/20
3. Nutrition & Tiffin: Healthy lunchbox (zero junk) in short break, water intake, active daytime stamina					_____/20
4. Spoken Speech & Clarity: Audible volume, pleasant tone, zero filler words, polite speech					_____/20
5. Social Manners & Courtesies: Respect to elders, dining decorum, table manners, digital restraint					_____/20
6. Inner Calm & Humility: Attentiveness during prayers/meditation, empathy, peer kindness					_____/20

MONTHLY REVIEW & ENDORSEMENT

Overall Monthly Aggregate Score: _____ / 120 | Rating: [] Exemplary [] Good [] Needs Attention
Teacher's Qualitative Remarks: _____
Principal / Coordinator Signature: _____ Date: _____

Activities:

1. Enhancing Verbal and listening Communication
2. Roleplay: Communicating assertively
3. I can appreciate
4. Relationship Recipe
5. Leader of the minute
